

**Boston Postdoctoral Association**  
**Conflict of Interest Policy and Annual Statement**  
**For Directors and Officers and Members of a Committee with Board Delegated Powers**

**Article I -- Purpose**

1. The purpose of this Board conflict of interest policy is to protect BPDA's interests when it is contemplating entering into a transaction or arrangement that might benefit the private interests of an officer or director of the Boston Postdoctoral Association or might result in a possible excess benefit transaction.
2. This policy is intended to supplement, but not replace, any applicable state and federal laws governing conflicts of interest applicable to nonprofit and charitable organizations.
3. This policy is also intended to identify "independent" directors.

**Article II -- Definitions**

1. Interested person -- Any director, principal officer, or member of a committee with governing board delegated powers, who has a direct or indirect financial interest, as defined below, is an interested person.
2. Financial interest -- A person has a financial interest if the person has, directly or indirectly, through business, investment, or family:
  - a. An ownership or investment interest in any entity with which the Boston Postdoctoral Association has a transaction or arrangement,
  - b. A compensation arrangement with the Boston Postdoctoral Association or with any entity or individual with which the Boston Postdoctoral Association has a transaction or arrangement, or
  - c. A potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which the Boston Postdoctoral Association is negotiating a transaction or arrangement.

Compensation includes direct and indirect remuneration as well as gifts or favors that are not insubstantial. A financial interest is not necessarily a conflict of interest.

A person who has a financial interest may have a conflict of interest only if the Board or Executive Committee decides that a conflict of interest exists, in accordance with this policy.

3. Independent Director -- A director shall be considered "independent" for the purposes of this policy if he or she is "independent" as defined in the instructions for the IRS 990 form or, until such definition is available, the director:
  - a. is not, and has not been for a period of at least three years, an employee of the Boston Postdoctoral Association or any entity in which the Boston Postdoctoral Association has a financial interest;
  - b. does not directly or indirectly have a significant business relationship with the Boston Postdoctoral Association, which might affect independence in decision-making;
  - c. is not employed as an executive of another corporation where any of the Boston Postdoctoral Association's executive officers or employees serve on that corporation's compensation committee;
  - d. does not have an immediate family member who is an executive officer or employee of the Boston Postdoctoral Association or who holds a position that has a significant financial relationship with the Boston Postdoctoral Association; and
  - e. does not have a financial interest in any entity as defined in Article II part 2, above.

4. Nonfinancial interest—is a nonfinancial interest that might influence an officer’s, director’s, or committee member’s participation or vote in an action of the officer’s, director’s, or committee member’s duties:

- a. The person’s relationship as an unpaid volunteer, officer or director of an organization that may be affected, directly or indirectly, by action to be taken, or not taken, by the Boston Postdoctoral Association
- b. The person’s personal, political, religious, friendship, or personal relationships which may be affected by an action to be taken, or not taken, by the Boston Postdoctoral Association.

### **Article III – Procedures**

1. Duty to Disclose -- In connection with any actual or possible conflict of interest, an interested person must disclose the existence -- of any financial interest and be given the opportunity to disclose all material facts to the Board or Executive Committee within 14 days of the occurrence of any financial conflict.

2. Disclosure of nonfinancial interests. Directors shall disclose nonfinancial interests generally in their annual statement, and specifically as individual interests arise. Nonfinancial interests are expected, and shall not be reviewed unless a Board member (including the affected member) requests that the interest be reviewed under the Conflict of Interest Policy.

3. Recusal of Self – Any director may recuse himself or herself at any time from involvement in any decision or discussion in which the director believes he or she has or may have a conflict of interest, without going through the process for determining whether a conflict of interest exists.

4. Determining Whether a Conflict of Interest Exists -- After disclosure of the financial interest all material facts will be disclosed and reviewed, including discussion with the interested person. Upon request by a Board member the material facts of a nonfinancial interest will be reviewed, including discussion with the interested party. Then the potentially conflicted Member shall leave the Board or Executive Committee meeting while the determination of a conflict of interest is discussed and voted upon. The remaining Board or Executive Committee members shall decide if a conflict of interest exists.

5. Procedures for Addressing the Conflict of Interest

a. An interested person may make a presentation at the Board or Executive Committee meeting, but after the presentation, he/she shall leave the meeting during the discussion of, and the vote on, the transaction, arrangement, or other matter involving the possible conflict of interest.

b. The Chairperson of the Board or Executive Committee shall, if appropriate, appoint a disinterested person or committee to investigate alternatives to the proposed transaction or arrangement.

c. After exercising due diligence, the Board or Executive Committee shall determine whether the Boston Postdoctoral Association can obtain with reasonable efforts a more advantageous transaction or arrangement from a person or entity that would not give rise to a financial conflict of interest.

d. If a more advantageous transaction or arrangement is not reasonably possible under circumstances not producing a financial conflict of interest, the Board or Executive Committee shall determine by a majority vote of the disinterested directors whether the transaction or arrangement is in the Boston Postdoctoral Association's best interest, for its own benefit, and whether it is fair and reasonable. In conformity with the above determination, it shall make its decision as to whether to enter into the transaction or arrangement.

6. Violations of the Conflicts of Interest Policy

a. If the Board or Executive Committee has reasonable cause to believe a member has failed to disclose actual or possible conflicts of interest within 60 days of the conflict arising, it shall inform the member of the basis for such belief and afford the member an opportunity to explain the alleged failure to disclose.

b. If, after hearing the member's response and after making further investigation as warranted by the circumstances, the Board or Executive Committee determines the member has failed to disclose an actual or possible conflict of interest, it shall take appropriate disciplinary and corrective action, potentially including removal from their position in the BPDA.
